

2 May 1975

Mr. Mason Cargill  
Commission on CIA Activities  
Within the United States  
Washington, D.C. 20500

Dear Mr. Cargill:

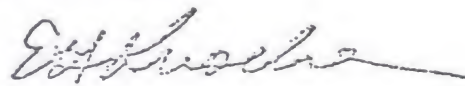

Attached, per your verbal request today to Mr. Elder, are documents relating to a White House meeting on Cuba on 7 April 1964.

Because of the time urgency in meeting your request that the documents be available for use at the 5 May meeting of the full Commission, we have not formally considered them for permanent retention in Commission records.

Accordingly, if you want these documents for the record, please let us know. Meanwhile, we consider them to be on loan.

The loan status is particularly important because the Top Secret unsigned two-page 7 April 1964 paper entitled Memorandum for Discussion of Covert Program Against Cuba is a White House document subject to the Third Agency rule.

Faithfully yours,

E. H. Knoche  
Assistant to the Director
